Our latest Local Authority Moderation, June 2016

The Early Years' Moderators from the Local Authority were in school on Monday morning. The written results from the moderators reflected the outstanding practice that was reviewed and shown to be in evidence.

A Cluster Meeting of fourteen Early Years Practitioners sharing and discussing samples of work their children do, was held in Upper Nursery, after school, because at this time, our setting is considered to be an example of best practice.

Thank you to all Upper Nursery and all Lower Nursery staff for all your hard work and the care you show to our children. The refreshments weren't bad either! **Mogg Hercules**

Congratulations to Ambika and our Lower and Upper Nursery staff for an outstanding Moderation conducted this week by the extremely thorough Moderation Team from Islington Council.

Two observations from their report are certainly worth mentioning here: 'Excellent practitioner knowledge demonstrated' as well as 'Some excellent examples of child-initiated experiences'.

Thank you everyone for working so hard to offer such a fulfilling experience to all our Nursery children. **Abi Hercules**
